

A virtual challenge. A shared experience.

A hosted CPR VR event format for conferences, university open days and corporate events.

60

seconds of focus

Within a guided 7.5-minute round: setup, challenge, personal feedback and hygiene changeover.

What the package includes

One VR station and physical CPR manikin, a CPR instructor and technical facilitator, external display, moderated leaderboard and event-named result cards. Scores are entered manually; automated integration is separately scoped.

A proposed four-hour programme

00:00 - 00:20	Welcome, briefing and challenge demonstration
00:20 - 03:20	24 individual rounds of 7.5 minutes
03:20 - 03:40	Shared demonstration and discussion
03:40 - 04:00	Wrap-up, questions and next practice steps

EUR 1,990 + travel

International EU base fee / 4 hours / up to 24 participants

Excludes VAT and destination taxes. Hungary receives a separate domestic quote.

Setup and pack-down are outside participant time. A safe indoor practice area and power are required. The nickname leaderboard is optional. This is not an accredited course or a clinical competency assessment. Final scope, availability and price are agreed in your quotation.
